- ❖ HTML, CSS, JavaScript
- ❖ React, Node js, Express js, MongoDB
- ❖ Java
- ❖ Git & GitHub

EDUCATION

- ❖ ETC Eng.(B-tech) | St. Vincent Pallotti college, Nagpur | 2024
- ❖ Diploma in Computer Engineering | Bajaj Polytechnic, Chandrapur | 2021

PROJECTS

❖ Personal website | gauravwsr.netlify.app

Designed and developed a personal portfolio website to showcase my projects and skills. Utilized HTML, CSS, and JavaScript to create a visually appealing design.

❖ Spotify Clone

Developed a Spotify Clone website to showcase my ability to build web applications. Using HTML, CSS, and JavaScript.

EXPERIENCE

❖ MERN Stack Developer Intern | TARS Technologies, Nagpur (24-1-25 to Present)

Developed and contributed to React-based projects. Currently working on the back-end of an Office Management System.

Dashboard: Displays user information and roles.

Employee Management: Tracks employee details and roles.

Attendance System: Manages check-ins and leaves.

Project Management: Organizes tasks and project timelines.

Meetings & Calendar: Schedules and tracks meetings.

Chat & Mailbox: Enables internal communication.

Designed authentication with four user roles: **Super Admin, Admin, Employee, and Intern.**

Utilized MongoDB, Express.js, React.js, and Node.js for full-stack development.

❖ Web Developer | Fast-Tech Software & IT Services Pvt. Ltd (06-20 to 07-20)

Worked as a Website Developer, responsible for designing, developing, and maintaining client websites.

Utilized **HTML, CSS, JavaScript**, and **PHP** to develop responsive websites with optimized performance and accessibility.
